

## ELISA

ELISA is a sensitive, specific, and reproducible immunoassay technique suitable for both quantitative and qualitative detection. It requires minimal sample volume, supports high-throughput testing, and is easy to perform with standard lab equipment. With low cross-reactivity, stable reagents, and well-established protocols, ELISA remains a cost-effective and reliable method for clinical diagnostics and large-scale screening applications.

### YSENZDX ELISA Test Kits

70+ ELISA kits across 6 key application areas

96T / 480T formats for flexibility

CE & NMPA certified

Ready-to-use, long shelf life (12–18 months)

Kit Size 96T/480T

|                              | Cat. No. | Test Item                              | Specimen | Qualification |
|------------------------------|----------|----------------------------------------|----------|---------------|
| <b>Blood Screening Tests</b> | H3113    | HIV 1/2 Ab(3rd) Test                   | S/P      |               |
|                              | H3114    | HIV 1/2 Ab/Ag(4th) Test                | S/P      |               |
|                              | H312     | HBsAg Hepatitis B Surface Ag Test      | S/P      |               |
|                              | H313     | HCV Hepatitis C Virus Ab Test          | S/P      |               |
|                              | H314     | TP Treponema Pallidum Ab Test          | S/P      | CE            |
|                              | H315     | HBsAb Hepatitis B Surface Ab Test      | S/P      |               |
|                              | H316     | HBeAg Hepatitis B Envelope Ag Test     | S/P      |               |
|                              | H317     | HBeAb Hepatitis B Envelope Ab Test     | S/P      |               |
|                              | H318     | HBcAb Hepatitis B Core Ab Test         | S/P      |               |
| <b>Quantitative Tests</b>    | H321     | AFP Alpha Fetoprotein Ag Test          | S/P      | CE NMPA       |
|                              | H322     | CEA Carcinoma Embryonic Ag Test        | S/P      | CE NMPA       |
|                              | H323     | T3 3,5,3'-Triiodo-Thyronine Test       | S/P      | CE            |
|                              | H324     | T4 Thyroxine Test                      | S/P      | CE            |
|                              | H325     | FT3 Free 3,5,3'-Triiodo-Thyronine Test | S/P      |               |
|                              | H326     | FT4 Free Thyroxine Test                | S/P      |               |
|                              | H327     | TSH Thyroid Stimulating Hormone Test   | S/P      | CE            |
|                              | H328     | LH Luteinizing Hormone Test            | S/P      | CE            |
|                              | H329     | FSH Follicle Stimulating Hormone Test  | S/P      | CE            |
|                              | H3210    | SF Serum Ferritin Test                 | S/P      | CE            |
|                              | H3211    | PSA Prostate Specific Ag Test          | S/P      |               |
|                              | H3213    | Total IgE Ab Test                      | S/P      | CE            |
|                              | H365     | HP H. Pylori Ag Test                   | Feces    | CE            |
|                              | H3215    | AMH Anti-Mullerian Hormone Test        | S/P      | CE NMPA       |
|                              | H3216    | PRL Prolactin Test                     | S/P      |               |
